2.6 Review Procedures for the Recurrent RPTs

There are procedures established by the SHL Group to ensure that Recurrent RPTs are undertaken on an arms' length basis and on normal commercial terms, consistent with the SHL Group's usual business practices and policies, where are generally not more favourable to the Related Parties than those generally available to the public and are not detrimental to the minority shareholders. The procedures are as follows:-

(i) Limits of authority

- (a) Where the transaction is one with a value equal to or in excess of RM1,000,000.00, it will be reviewed by the Audit Committee which will, if thought fit, recommend to the Board for approval.
- (b) Where the transaction is one with the value below RM1,000,000.00, it need not be reviewed by the Audit Committee at the point contract is entered into but shall be tabled to the Audit Committee for review on a quarterly basis.

(ii) Monitoring of the General Transactions

- (a) To enable the Audit Committee to review and monitor the Recurrent RPTs, a report on the Recurrent RPTs will be made by senior management based on at least two(2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities which will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the Related Parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities provided under the Proposed Shareholders' Mandate for the Audit Committee's consideration.
- (b) For certain Recurrent RPTs where quotations from unrelated third parties are not available, the Audit Committee will review the type and nature of the transactions to satisfy themselves that the transactions with the Related Parties are entered in the best interest of SHL Group. The Audit Committee will take into account factors including pricing, quality, speed of delivery, priority service, good supply logistics and other factors which contribute to the operational and administrative efficiency of SHL Group and ensure that the overall terms are fair and reasonable.
- (c) The rental of premises shall be at prevailing market rates for the same or substantially similar properties and shall be on normal commercial terms and that the Recurrent RPTs are not detrimental to the SHL Group.
- (d) A register will be maintained by the Company to record all the Recurrent RPTs that are entered into pursuant to the Proposed Shareholders' Mandate and will be available to the Audit Committee for its quarterly review.
- (e) To ensure that such Recurrent RPTs are conducted at arm's length and on normal commercial terms consistent with the SHL Group's usual business practices and policies and that such Recurrent RPTs will not be prejudicial to shareholders, the management will ensure that the Recurrent RPTs with the Related Parties will only be entered into after taking into account the pricing, level of service, quality of product and other relevant factors.
- (f) The Audit Committee may, if it considers necessary, instruct the internal auditor to carry out a review of any or all of the Recurrent RPTs to ascertain that the guidelines and procedures established to monitor the Recurrent RPTs have been complied with.

The Board of SHL and the Audit Committee have reviewed the above procedures and will continue to review the procedures as and when required, with the authority to sub-delegate such function to individuals or committees within the Company as they deem appropriate. If a member of the Board of SHL or the Audit Committee has an interest in the transaction to be reviewed by the Board of SHL or the Audit Committee as the case may be, he will not participate in the deliberation of such transaction and will abstain from any decision making by the Board or the Audit Committee in respect of that transaction.

2.7 Audit Committee Statement

The Audit Committee is satisfied that adequate procedures and processes are in place to monitor, track and identify Recurrent RPTs in a timely and orderly manner. The Audit Committee meets on a quarterly basis to review and approve Recurrent RPTs together with any changes pertaining to the procedures and processes.

The Audit Committee has seen and reviewed the procedures mentioned in Section 2.6 above and is of the view that the said procedures are sufficient to ensure that the Recurrent RPTs are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders.

2.8 Validity period

The authority to be conferred pursuant to the Proposed Shareholders' Mandate, if approved at the forthcoming 18th AGM, will continue to be in force until:

- (i) the conclusion of the next AGM of the Company following the general meeting at which the Proposed Shareholders' Mandate was approved, at which time it will lapse, unless by a resolution passed at the meeting, the authority is renewed;
 - (ii) the expiration of the period within which the next AGM of the Company after that date is required to be held pursuant to Section 143(1) of the Act (but must not extend to such extension as may be allowed pursuant to Section 143(2) of the Act); or
 - (iii) revoked or varied by resolution passed by the shareholders in general meeting,
- whichever is earlier;

Thereafter, approval from the shareholders for subsequent shareholders' mandate will be sought at each subsequent AGM of the Company.

3. RATIONALE FOR THE PROPOSAL SHAREHOLDERS' MANDATE

The rationale for and benefit of the Proposed Shareholders' Mandate to the SHL Group is as follows:

- (i) to facilitate transactions with Related Parties which are in the ordinary course of business of the SHL Group are undertaken at arms' length, normal commercial terms and on terms which are not more favourable to the Related Parties than those generally available to the public and are not detrimental to the interests of minority shareholders;
- (ii) to enable the SHL Group to transact with the Related Parties in an expeditious manner to meet business needs for the supply and/or provision of goods and services which are necessary for its day-to-day operations particularly business need which are time sensitive in nature;
- (iii) for transactions where it is vital that confidentiality be maintained, it will not be viable for prior shareholders' mandate to be obtained as this will entail the release of details of the transactions and may adversely affect the interests of the SHL Group and place the SHL Group at a disadvantage to its competitors who may not require shareholders' mandate to be obtained; and
- (iv) will eliminate the need to announce and convene separate general meeting to seek shareholders' mandate for each transaction and as such, substantially reduce expenses, time and other resources associated with the making of announcements and convening of general meetings on an ad hoc basis, improve administrative efficiency considerably and allow financial and manpower resources to be channeled to attain more productive objectives.

PART B

PROPOSED RENEWAL OF SHARE BUY-BACK BY SHL CONSOLIDATED BHD OF UP TO 10% OF ITS OWN ISSUED AND PAID-UP SHARE CAPITAL

5. DETAILS OF THE PROPOSED SHARE BUY-BACK

The Board proposes to seek the Shareholders' approval for the authority to purchase the Company's own shares, the amount of which should be up to a maximum of ten percent (10%) of the issued and paid-up share capital of the Company subject to the Act, the Main Market LR and any prevailing laws, the Articles of Association of the Company and rules and regulations issued by the relevant authorities.

Based on the total issued and paid-up share capital of SHL of RM242,123,725.00 comprising 242,123,725 ordinary shares of RM1.00, the maximum number of shares which may be purchased by the Company is 24,212,300 shares. The maximum amount of funds to be allocated for the Proposed Share Buy-Back will be limited to the amount of retained profits and share premium account, if any, of the Company at the time of the purchase.

The Proposed Share Buy-Back will involve purchases on the Bursa Securities through stockbroker(s) to be appointed by the Company at a later date.

5.1 Duration

The approval from the Shareholders, if granted, shall be effective upon passing of the ordinary resolution relating to the Proposed Share Buy-Back at the AGM and shall remain in force until:-

- (i) the conclusion of the next AGM of the Company following the general meeting at which the ordinary resolution for the Proposed Share Buy-Back is passed, at which time the said authority will lapse, unless the authority is renewed by a resolution passed at the next AGM, either unconditionally or subject to conditions; or
- (ii) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (iii) revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting;

whichever occurs first.

The shareholder's approval for the Proposed Share Buy-Back does not impose an obligation on the Company to purchase its own Shares. Rather, it will allow the Board to exercise the power of the Company to purchase its own Shares at any time within the abovementioned time period.

5.2. Source of Funds

The maximum amount of funds to be allocated for the Proposed Share Buy-Back shall not exceed the retained profits and/or share premium of the Company. The Proposed Share Buy-Back will be funded from internally generated funds and/or bank borrowings.

Based on SHL latest audited Financial Statements as at 31 March 2012, the audited retained profits and the share premium accounts of SHL are as follows:

	As at 31 March 2012 (RM'000)
Retained Profit of SHL	155,928
Share Premium of SHL	1,225

5.3. Treatment of Shares Purchased

Shares that are purchased pursuant to the Proposed Share Buy-Back may be dealt with by the Directors in the following manner:-

- (i) to cancel the Shares so purchased;
- (ii) to retain the Shares so purchased as treasury shares;
- (iii) to distribute the treasury shares as dividend to shareholders;
- (iv) to resell the treasury shares on Bursa Securities in accordance with the relevant rules of Bursa Securities; and
- (v) any combination of the above.

Where the Directors intend to retain the purchased Shares as treasury shares, cancel the purchased Shares, or both, an appropriate announcement will be made to Bursa Securities as and when the Proposed Share Buy-Back is exercised. If the Board decides to retain the purchased Shares as treasury shares, it may later distribute the treasury shares as dividend to the shareholders, cancel the treasury shares and/or resell the purchased Shares on Bursa Securities.

In the event the Company wishes to purchase its own shares, the Company is required to lodge a declaration of solvency to Bursa Securities and release an immediate announcement on any purchases of its own shares.

While the Shares are held as treasury shares, the rights attached to them as to voting, dividends and participation in other distribution and otherwise are suspended and the treasury shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares in the Company for any purpose including major shareholding, takeovers, notice, the requisition of meetings, the quorum for a meeting and the result of a vote at a meeting.

5.4. Purchase Price

The Company may purchase its own Shares at a price which is not more than fifteen percent (15%) above the weighted average market price of SHL Shares for the past five (5) market days immediately preceding the date of purchase.

The Company may only resell treasury shares on Bursa Securities at a price which is:-

- (i) not less than the weighted average market price for the Shares for the five (5) market days immediately prior to the resale; or
- (ii) not less than five percent (5%) below the weighted average market price for the Shares for the five (5) market days immediately prior to the resale provided that:-
 - (a) the resale takes place no earlier than thirty (30) days from the date of purchase; and
 - (b) the resale price is not less than the cost of purchase of Shares being resold.

[The remaining of this page is intentionally left blank]

5.5. Public Shareholding Spread

The Board undertakes that any proposed purchase of Shares would only be conducted in accordance with the laws prevailing at the time of the purchase including compliance with the 25% public shareholding spread as required under Paragraph 8.02(1) of the Main Market LR.

As at LPD, the Record of Depositors of SHL showed the public shareholding spread of the Company at 27.05% of its issued and paid-up share capital. The proforma public shareholding spread of the Company will be reduced from 27.05% to 18.94% in the event the Proposed Share Buy-Back is implemented in full and the shares purchased are from shareholders other than the Substantial Shareholders and Directors.

The Board is mindful of the above and will ensure that the Proposed Share Buy-Back will not breach Paragraph 12.14 of the Main Market LR, which states that a listed company must not purchase its own shares on Bursa Securities if the purchase(s) will result in the listed company being in breach of Paragraph 8.02(1) of the Main Market LR. Paragraph 8.02(1) of the Main Market LR states that a listed issuer must ensure at least 25% of its total listed shares are in the hands of the public shareholders holding.

6. RATIONALE OF THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-back has the following potential benefits for the Company and its shareholders:

- (i) The approval to purchase the Company's Shares is sought to enable the Company to utilise its surplus financial resources more efficiently.
- (ii) The purchase of Shares by the Company may also improve the earnings per share and the return on equity as a result of a reduced share capital base if the purchased Shares are cancelled. Consequently, long-term and genuine investors are expected to enjoy a corresponding increase in the value of their investments in the Company.
- (iii) Purchased Shares retained as treasury shares provide the Board with an option to resell the treasury shares at a higher price and generate capital gains for the Company without affecting the total issued and paid-up share capital of the Company. Should any treasury shares be distributed as share dividends, this would serve to reward the shareholders of the Company.
- (iv) An adverse economic volatility may cause the market price for SHL Shares to fall below its intrinsic value. In such circumstances, the purchase of Shares by the Company may result in raising its market price to reflect its intrinsic value.

The potential disadvantages of the Proposed Share Buy-Back are as follows:

- (i) The Proposed Share Buy-Back if implemented is expected to temporarily reduce the immediate financial resources of the SHL Group. However, the financial resources of the Group may recover or even increase if the purchased SHL Shares are held as treasury shares and resold in the market at the same or higher prices.
- (ii) The Proposed Shares Buy-Back may also result in the SHL Group foregoing better investment opportunities which may emerge in the future and/or any income that may be derived from other alternative uses of such funds such as deposit in interest bearing instruments.

The Board will be mindful of the interests of SHL and its shareholders in undertaking the Proposed Share Buy-Back. The Proposed Share Buy-Back will be implemented only after careful consideration of the financial resources of the SHL Group and its resultant impact.

7. FINANCIAL EFFECTS OF THE PROPOSED SHARE BUY-BACK

On the assumption that the Proposed Share Buy-Back is carried out in full, the financial effects of the Proposed Share Buy-Back are set out below:-

7.1 Share Capital

For illustration purposes only, the scenario below shows the movement of the share capital of the Company as at LPD upon the implementation of the Proposed Share Buy-Back, assuming that ten percent (10%) of the Company's issued and paid-up share capital are purchased and cancelled.

	As at LPD	
	No. of shares	%
Authorised share capital	1,000,000,000	–
Issued and paid-up share capital	242,123,725	100
Less: Shares purchased amounting to ten percent (10%) of the issued and paid-up share capital pursuant to the Proposed Share Buy-Back	(24,212,300)	10
Reduced issued and paid-up capital in the event that the purchased Shares are cancelled	217,911,425	90

However, the Proposed Share Buy-Back will have no effect on the issued and paid-up share capital of SHL if all the purchased Shares are to be retained as treasury shares, resold or distributed to the shareholders.

7.2 Net Assets (“NA”)

When the Company purchases its own Shares, regardless of whether they are retained as treasury shares or subsequently cancelled, the NA per Share of the SHL Group will decrease if the cost per Share purchased exceeds the NA per Share of the SHL Group at the relevant point in time. However, if the cost per Share purchased is below the NA per Share of the SHL Group at the relevant point in time, the NA per Share of the SHL Group will increase.

In the case where the purchased Shares are treated as treasury shares and subsequently resold on Bursa Securities, the NA per Share of the SHL Group upon the resale will increase if the Company realises a gain from the resale, and vice versa. If the treasury shares are distributed as share dividends, the NA of the SHL Group will decrease by the cost of the treasury shares.

7.3 Working Capital

The Proposed Share Buy-Back, as and when implemented, will reduce the working capital and cash flow of the SHL Group, the quantum of which depends on, amongst others, the number of Shares purchased and the purchase price(s) of the Shares.

For Shares so purchased which are kept as treasury shares, upon their resale, the working capital and the cash flow of the SHL Group will increase upon the receipt of the proceeds of the resale. The quantum of the increase in the working capital and cash flow will depend on the actual selling price(s) of the treasury shares and the number of treasury shares resold.

7.4 Earnings

The Proposed Share Buy-Back may contribute positively to the earnings and EPS of the SHL Group. The actual effect is dependent on the purchase price(s) of the Shares, the number of Shares purchased, and the effective funding cost or loss in interest income to the Company, or the opportunity cost in relation to other investment opportunities.

7.5 Gearing

The effect of the Proposed Share Buy-Back on the gearing of the Company will depend on the proportion of borrowings utilised to fund any purchase of Shares. Any borrowing utilized to purchase Shares will serve to increase the gearing of the Company.

8. IMPLICATION RELATING TO THE CODE

The code applies in the situation where a shareholder acquires more than 33% of the voting shares of a company or where a shareholder holding more than 33% but less than 50% of the voting shares of a company, acquires more than 2% of the voting shares of a company within a period of six (6) months.

As at LPD, the major shareholders of SHL, namely Dato' Yap Teiong Choon and Dato' Ir. Yap Chong Lee, together with persons connected to them collectively, hold approximately 62.92% of the voting shares of SHL. In the event that the Proposed Share Buy-Back is implemented in full, the shareholding of the major shareholders, together with persons connected to them, will increase to 69.91%.

Based on the above, the Proposed Share Buy-Back shall not give rise to any implication relating to the Code.

The effects of the Proposed Share Buy-Back on the shareholdings of the Directors and the Substantial Shareholders of SHL, based on the Register of Directors' and Register of Substantial Shareholders' Shareholdings of the Company as at LPD assuming the Shares are purchased from shareholders other than the Directors and/or the Substantial Shareholders of SHL, are set out below:-

GENERAL INFORMATION

1. RESPONSIBILITY STATEMENT

This Circular has been seen and approved by the Board of SHL and they collectively and individually accept full responsibility for the accuracy of the information given and confirm that after making all reasonable enquiries, to the best of their knowledge and belief, there are no other material facts, the omission of which would make any statement herein misleading.

2. MATERIAL CONTRACTS

There have been no contracts which are or may be material (not being contracts entered into in the ordinary course of business) which have been entered into by SHL or its subsidiary companies during the two (2) years immediately preceding the date of this Circular.

3. MATERIAL LITIGATION

Save as disclosed below, neither SHL nor any of its subsidiary companies are engaged in any material litigation, claims or arbitration, either as plaintiff or defendant, and the Directors are unaware of any proceeding, pending or threatened against the SHL Group or of any facts likely to give rise to any proceedings which might materially or adversely affect the financial position or business of SHL or its subsidiary companies.

3.1 SHL-M Sdn. Bhd. (“SHL-M”, a subsidiary of SHL) had on 12 April 2004 instituted legal proceedings against the Director of Lands and Mines Selangor (“State Authority”) relating to the revision of quit rent rate payable for the golf course land in Bandar Sungai Long. SHL-M and the State Authority have different interpretations on the quit rent rate. SHL-M is seeking from the State Authority the following:

- (i) declaring the invalidity of quit rent totaling RM583,680/- per year which the State Authority has imposed retrospectively to 1 January 1994; and
- (ii) recovering the sum of RM190,024/- per year from 1 January 1994 to 31 December 2007 on the grounds that the quit rent payable should be RM69,141/- per year only.

On 10 February 2011, the case was decided in favour of SHL-M, the Court declared that quit rent payable was as follows:-

Year	Amount per annum RM'000	Total amount RM'000
1994 – 2004	69	761
2005 – 2007	76	227
2008 – 2010	76	228
TOTAL		1,216

The Court further ordered the State Authority to refund to SHL-M the excess sum of RM3,190,148/- with interest at the rate of 8.00% per annum.

However, the State Authority has since filed an appeal on 14 March 2011 against the decision vide Court of Appeal CA No. B-01-196-2011. SHL-M's application to strike out the appeal by the State Authority was refused by the Court. The State Authority's Appeal is still pending for hearing and the State Authority has filed a record of appeal on 4 April 2012.

- 3.2** Damai Service Hospital (HQ) Sdn. Bhd. (“Damai Service Hospital (HQ)”), DSH Management Sdn. Bhd. (“DSH Management”) and its director, Dr Guna Sittampalam (“Dr. Guna”) (collectively referred as “the Plaintiffs”) have filed a legal suit under the Civil Suite No: 22NCVC-1098-11-2011 against SHL Realty Sdn. Bhd. and its director Dato’ Ir Yap Chong Lee (“Dato’ Yap”) (collectively referred as “the Defendants”) via the Plaintiffs’ Statement of Claim (“SOC”) dated 8 November 2011 and Amended SOC dated 30 January 2012.

The legal suit is in relation to the construction and establishment of a private hospital on a piece of freehold land held under Lot 21147, Mukim of Cheras, District of Hulu Langat, Selangor owned by SHL Realty (“the said private hospital”).

The Plaintiffs alleged in their SOC and Amended SOC that the Defendants have made their representations fraudulently on the leasing and/or sale of the said private hospital to the Plaintiffs and that the Plaintiffs have spend a substantial amount of time, cost and effort in the said private hospital project.

The Defendants have filed its Defence and Counter-Claim (“DCC”) dated 6 January 2012 and Amended DCC dated 28 February 2012, and vehemently denied the representations in the SOC and the Amended SOC and deny knowledge of the loss and/or damage as pleaded by the Plaintiffs.

The Board of SHL is of the view that the Defendants have a good defence to the legal suit filed by the Plaintiffs and is of the opinion that it is impossible to assess the possible financial and operational impact of the legal suit on the SHL Group.

In consideration that the legal suit is premature, the Plaintiffs and Defendants have been advised by their respective solicitors to file for mediation.

The Court has fixed the matter for trial on 10, 11, 12 and 29 September 2012.
